Why Choose Indo Tradiz Freeze-Dried?

Advanced processing. Clean-label purity. Convenient ambient storage.

Advanced Freeze-Drying Technology

Our products are processed through low-temperature freeze-drying, helping retain natural color, aroma, texture, and nutritional quality while removing moisture without harsh heat treatment.

Ambient-Stable Convenience

Freeze-dried proteins are lightweight, shelf-stable, and easy to store, helping reduce dependency on cold-chain logistics for finished ingredients and treats.

Clean-Label Ingredient Promise

Single-ingredient proteins with no fillers, no artificial flavors, and no unnecessary additives — ideal for premium pet nutrition, functional toppers, treats, and formulation enhancement.

B2B-Ready Formats

Available in retail-ready pouches, bulk packs, and ingredient formats suitable for private label, OEM production, and brand-led product development.

Fresh / Frozen Input

Sourced from quality raw materials.

Freeze-Drying

Low-temperature process locks in nutrition and flavor.

Ready-to-Use Ingredient

Lightweight, stable, and easy to use.

Target Specification: Water Activity $A_w \leq 0.3$ and Moisture $\leq 3\%$,
subject to product type, batch testing, and final lab report.

Partnering for Growth.

1. Flexible B2B Supply Models

Private Label Support

Ready-to-retail freeze-dried protein pouches developed for your brand, with support for product selection, pack size, and positioning.

Bulk Ingredient Supply

1 kg, 5 kg, and 10 kg bulk formats for pet food manufacturers, treat brands, nutrition formulators, and ingredient buyers.

OEM / Co-Packing Support

Custom packing and product development support for brands looking to launch freeze-dried treats, toppers, and functional nutrition lines.

2. Engagement Terms

Sample Kit

Evaluation samples available for selected SKUs. Dispatch timeline: 5-7 working days, subject to availability.

Quality Commitment

Batch-wise documentation can be provided, including COA and relevant lab reports wherever applicable.

Lead Time

Standard bulk orders: 2-3 weeks, depending on SKU, quantity, raw material availability, and packaging requirement.

3. Let's Build Premium Nutrition Together.
